

OLE OL1B  
black coated  
91 x 1708 mm

OLE OL1SS  
polished stainless steel  
91 x 1708 mm

TIMER function

Function 2 h - the dryer will heat for 2 hours, then it will automatically turn off.

Function 4 h - the dryer will heat for 4 hours, then it will automatically turn off.

ON/OFF  
The green LED indicates that the dryer is ON.

In case of installing three electric dryers side by side / above each other, it is possible to buy a set with a hidden built-in frame for connection. More information can be found on our website [www.pmh-co.cz](http://www.pmh-co.cz)
